All Shareholders of public companies listed at the Uganda Securities Exchange (USE) and the general public are hereby notified that the scheduling of Annual General Meetings (AGMs) of listed Companies usually held during this time of year has been deferred in light of the current directives by the Government of Uganda restricting public gatherings and public health recommendations aimed at controlling the spread of the corona virus (COVID-19).

Due to the above deferral, all business normally conducted at the AGM, including the approval of the final dividend, also stands deferred and listed companies that had notified shareholders of their book closure and dividend payment dates have been advised to revise these dates accordingly.

USE in collaboration with the affected listed Companies will continue to review the situation; in particular, subsequent COVID-19 control guidelines issued by the Government of Uganda in order to advise on the new timelines within which shareholders will be notified of new AGM dates by the respective listed Companies.
